

Hydraulic square bale grab

- » For square bales from 715 mm to 2450 mm in width
- » Fork length 1200 mm, height 520 mm
- » Transport width 1550 mm
- » Optimal, even pressure on both sides
- » The special shape of the grab arms prevents damage to the film
- » Centre of gravity is favourably located close to the tractor
- » 2 heavy-duty hydraulic cylinders ensure a secure grip
- » 1 x double-acting connection required
- » Includes hydraulic couplers and hoses

For attachment to Euronorm
